

Kyiv, March 12, 2022

Dear friends,

We would like to take this opportunity to express our sincere gratitude for your personal support and solidarity of the Republic of Poland with Ukrainian nation in this challenging period of ongoing Russian invasion. The struggle we are going through is not only about Ukraine's survival as an independent and sovereign state, but also about democracy and security of the United Europe, about the future of Poland as well.

Our 206th battalion of territorial defense is protecting Kyiv where dozens of thousands of Russian military have been attempting to capture the capital of Ukraine for already 17th day. As the fierce fighting goes on, more and more citizens of Kyiv are joining the ranks of the battalion to secure their native town.

We have also transformed our political party offices on the territory of Ukraine into volunteer hubs, in which 24/7 we provide assistance to our Ukrainian people affected by Russian invasion and war against Ukrainian nation as well as to territorial defense forces all over Ukraine.

In this context we highly appreciate your support to the Ukrainian people in such a crucial historical moment.

Ukraine is still facing a drastic shortage of military and tactical equipment and medications. The towns and settlements that were occupied require humanitarian assistance, including food and hygienic means, and more.

We need and appreciate any support coming promptly from our partner nations!

Thank you in advance,

Petro POROSHENKO

President of Ukraine (2014-2019)
Coordinator of the 206th battalion
of the territorial defense of Kyiv
